

Sample newsletter blurb to promote the *Know your A-Z* resource

How *you* can prevent violence against women

You don't have to be an expert to prevent violence against women – we all have a role to play.

The new *Know your A-Z* tool from Domestic Violence Resource Centre Victoria and Our Watch shows how easy it is for all of us to help prevent violence against women just by doing simple, everyday things to challenge gender stereotypes and promote respect.

Know your A-Z offers a different prevention action for every letter of the alphabet. [Download the poster and other resources](#) to share the prevention message with your friends, colleagues and networks.
